## **Overview on Progression Pathway**

The example of Progression Pathway of Corporate and Commercial Banking is assembled on the basis of the SCS of Corporate and Commercial Banking sector revised in 2019.

SCS is a comprehensive set of competency standards specifying the performance requirements and outcome standards of distinct job tasks of different functions at various levels of the banking industry while a UoC is the smallest unit that signifies a discrete task to be performed within a job function. On the basis of this background, the progression pathway exhibited in this document attempts to utilize this information to provide practical examples to the banking sector in the context of career and learning development.

This document involves the drawing up of a structural diagram showing the overarching progression pathway for selected jobs roles in the Corporate and Commercial Banking sector. The initiative includes:

- a. Drawing a common organization chart of Corporate and Commercial Banking which specifies the key functions of the Corporate and Commercial Banking sector (See Annex IIIb);
- b. Suggesting the progression pathways for the ten selected job roles (See Annex IIIc);
- c. Selecting ten major job roles in the sector and identifying their job responsibilities; and
- d. Mapping the UoCs with the competency requirements of the ten selected job roles

It is expected that the example of progression pathway provided here can help practitioners of the sector or those who are interested in developing a career in the banking sector leverage on the SCS for their vocation and learning progression in the future.

The ten job roles selected for this purpose are:

### A. Client Relationship Stream in SME

- 1. Assistant Relationship Manager (ARM)
- 2. Relationship Manager (RM)
- 3. Team Head of Relationship Manager / Senior Relationship Manager (SRM)
- 4. Business Director of Relationship Management

### B. Corporate and Commercial Banking Middle Office Stream

- 1. Assistant Onboarding Manager / Onboarding Officer
- 2. Onboarding Manager

### C. Product Development Stream

- 1. Assistant Product Development Manager / Product Development Officer
- 2. Product Development Manager

### D. Credit Risk Management Stream

- 1. Assistant Credit Risk Manager / Credit Risk Officer
- 2. Credit Risk Manager

These ten job roles have been selected as they are the common jobs in the sector and particularly important in terms of business acquisition, credit management, compliance management and risk management. These examples also represent various possible advancement opportunities available for different categories of jobs. The profiles of the ten selected job roles and the respective UoC mapping are listed in the followings.

Note 1: The responsibilities and UoCs assigned for these ten job roles in this example are **for reference only.** Different banks may have their own considerations to design their job components and result in different competency requirements.

Note 2: Relevant Enhanced Competency Framework (ECF) programmes, such as ECF on Credit Risk Management, ECF on Anti-Money Laundering and Counter-Financing of Terrorism & etc. can be considered as useful reference of core competence requirements and professional development for respective job roles.
