"Professional Diploma in Retail Management (L5) " 2018

Established the 1st Retail
Academy
in HK
A.S. Watson Group

A.S. Watson Group Retail Academy

Articulation – Recognition of Prior Learning (RPL)

- Alternate route to recognize past work experiences and competencies acquired by practitioners
- To obtain QF-recognized qualifications without undergoing a training programme or repetitious learning
- To facilitate **subsequent progression** in learning, and probably in careers
- Assessments under the RPL in each industry will be conducted by independent assessment agency/agencies (AA) appointed by the Secretary for Education (SED) on industry basis.

ASW SUPPORTS and SPONSOR employees to gain relevant QF qualifications through RPL

Vision

To be the leading Retail Academy in Hong Kong for the acquisition of retail skills, knowledge and best practice.

Mission

To provide a platform of continuous learning for retail professionals and develop a pipeline of retail talents equipped with relevant skills and knowledge thereby enhancing their competency and engagement at work.

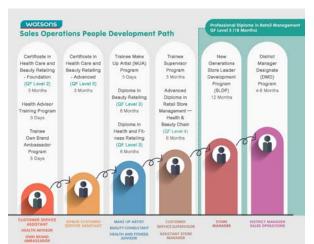

Our Commitments

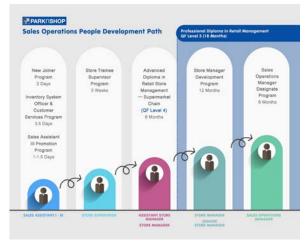

- Raising the bar of retail related careers and professional competencies.
- Driving business performance through greater employee engagement.
- Igniting the passion in our employees to drive innovation and deliver outstanding customer service.
- Leveraging technology to enhance the learning experience.
- Collaborating with a variety of business partners to serve and support the development of the local retail industry.

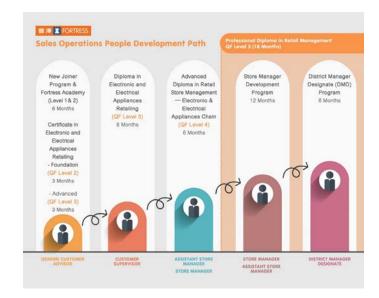

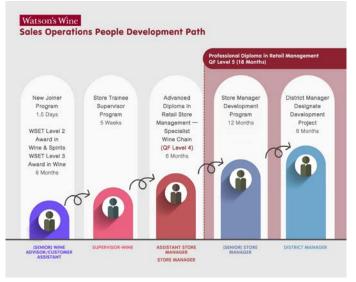

Embedded QF Qualifications in our Career Path
