Ms KaWing FUNG (Wing)

Senior Manager, Qualifications Framework Secretariat (QFS), Hong Kong

Good practices in Quality Assurance

Continuous Quality Enhancement

- Reference to national and international standards
 - Comparisons and alignment for updates and enhancement
 - Policy impact assessment
- Differentiation
 - Operators: Track record and performance
 - Outcomes: Customisation, variation in validity period and paper-based review
- Engagement and Enhancement
 - An united qualifications system and its QA mechanism
 - Fit for purpose development to cater for different contexts
 - Integration of policy, engagements and system enhancement
 - Standing ready to meet various challenges through continuous quality enhancement

A good quality assurance system is...

- User-friendly
- Cost-effective
- Fit for purpose
- Responsive
- Innovative
- Giving value
- Proportionate
- Sensible

Pitfalls to avoid

- Bureaucracy
- Lack of emphasis on learning outcomes
- No differentiation is applied when needed for fit for purpose
- Mechanistic
- One size fits all
- Over-adherence to standards and process
- Out of proportion
